

RED EAGLE MINING NAMED TO 2015 TSX VENTURE 50

Vancouver, BC, February 12, 2015 – Red Eagle Mining Corporation (TSX-V: RD, OTCQX: RDEMF) is pleased to announce that it has been recognized by the TSX Venture Exchange (“TSXV”) as one of the TSX Venture 50, a ranking of the top performing companies listed on the TSXV last year.

Every year, the TSXV ranks the top ten companies in five sectors – Clean Technology, Diversified Industries, Mining, Oil & Gas and Technology & Life Sciences. This ranking is determined based on equal weighting of the following measures: market capitalization growth, share price appreciation, trading volume and analyst coverage.

“We are proud of Red Eagle’s inclusion in the 2015 TSX Venture 50. This serves as recognition of both the hard work and the dedication of our team” comments Ian Slater, Chief Executive Officer. “We look forward to the ongoing support of our shareholders during what should be an exciting 2015.”

About Red Eagle Mining

Red Eagle Mining is a gold exploration and development company with an experienced mine-development team. Management is focused on building shareholder value through discovering and developing gold projects with low costs and low technical risks in Colombia, a jurisdiction with prolific historic production but until recently limited modern exploration. Red Eagle Mining is developing the 100 km² historic Santa Rosa Gold Project located in the Antioquia Batholith. Development will initially commence with the San Ramon Gold Deposit where a positive Feasibility Study supports project development. Project financing and permitting are currently underway.
